Dr David Martin

24 March 2022

Dr David Martin is the founder and owner of the company M-CAM International which has provided research and corporate advisory services to over 160 countries and he has personally served as an advisor to the World Bank and many governments. Dr Martin first came to the attention of the world when he featured in the August 2020 documentary by Mikki Willis called Planandemic Indoctornation. More about Dr Martin HERE

Dave wrote his first classified briefing about bio-weapons corruption in 2001, and has been presenting lectures at bio-weapons conferences since then. He has been tracking Dr Anthony Fauci's spending and notes that Fauci has authorised $191 billion in funds for the bio-weaponisation of viruses against humanity.
